The previous minutes for the annual meeting held June 20, 2022 were circulated in advance of the meeting along with the Annual Report. There was no business arising from the minutes of the previous annual meeting.

It was moved, seconded and carried

**THAT THE MINUTES OF THE ANNUAL GENERAL MEETING FOR THE
MEMBERS OF THE CORPORATION HELD JUNE 20, 2022 BE APPROVED.**

The Board Chair provided a report highlighting the work related to the capital redevelopment for Muskoka Algonquin Healthcare. It was noted that the new hospitals are key to a sustainable future for acute care in the region and will allow MAHC to meet ever-changing health care standards and codes, and an environment that is better suited to staff to deliver the care and to the patients who receive it. The community engagement that has occurred related to the project was also highlighted as well as the dedicated team of of volunteer Patient Experience Partners who serve on our Patient and Family Advisory Council to provide advice and recommendations on matters where the patient perspective is vital to advancing person-centred care.

President and Chief Executive Officer Cheryl Harrison provided a report noting the successful Accreditation survey with MAHC earning the top rating of Accredited with Exemplary Standing from Accreditation Canada. The report also noted investments in various roles such as the Mental Health Navigator and the Indigenous Patient Navigator

roles. The various advancements in technology that have been implemented with the support of the two Foundations were also outlined.

Dr. Khaled Abdel-Razek provided a report focusing on the importance of partnerships and collaboration highlighting a number of key initiatives over the past year. The new medical staff that joined MAHC were also noted including two Emergency physicians, two midwives, and three family medicine physicians. MAHC has also supported 72 medical learners over the course of the past year as part of their training to become physicians, with the support of several preceptors from the medical staff. The clinical research that has occurred over the past year was also outlined.

Tim Miller presented the audited financial statements and the findings of the audit. The members of the Audit Subcommittee were recognized and thanked for their due diligence in this work. KPMG has provided an unqualified opinion which represents the highest level of assurance that can be received under auditing standards. In addition, there were no internal control issues identified based on scope of testing of procurement, disbursements, payroll, or expense reports. The Audit Subcommittee discussed the performance of KPMG over the past year and were quite pleased from a number of perspectives including their deep knowledge of health care, and their audit approach and methodologies.

It was moved seconded and carried

THAT KPMG BE APPOINTED AS THE CORPORATE AUDITOR FOR MUSKOKA ALGONQUIN HEALTHCARE TO HOLD OFFICE UNTIL THE NEXT ANNUAL GENERAL MEETING.

Brenda Gefucia reported that in January, an advertising and communication campaign was initiated by the Nominations Committee that highlighted the process and timeline for applications for Director and Committee Appointee Member positions. MAHC received eighteen applications, including current Directors with expiring terms. The Nominations Committee reviewed the applications and determined a short-list of eight. Consideration was given to how each applicant would augment Directors' skills and experience, as well as their experience on other boards and the overall content of their applications. The goal of the Nominations Committee is to present the Board and the Members with the strongest possible slate of Directors that will create a complementary broad mix of skills, experience and knowledge around the Board table. Reference checks and police criminal reference checks were completed for all recommended applicants.

It was moved, seconded and carried

THAT THE FOLLOWING BE APPOINTED BY THE MEMBERS OF THE CORPORATION TO THE MUSKOKA ALGONQUIN HEALTHCARE BOARD OF DIRECTORS:

- Marni Dicker for a 3-year term ending 2026
- Dr. William Evans for a 3-year term ending 2026
- Mary Lyne for a 3-year term ending 2026

- **Bruce Schouten for a 3-year term ending 2026**
- **Dave Uffelmann for a 3-year term ending 2026**
- **Colleen Nisbet for a 1-year term ending 2024**

Tim Miller, Resources & Audit Committee Chair reviewed the Board Award of Excellence nominations process and the criteria. It was noted that each year the number of nominations that are submitted is quite remarkable and speaks not only to the level of talent at MAHC but also to the level of respect that exists between the staff and physicians given. The remarks and examples that are provided through the nomination forms make the decision on narrowing it down very difficult. The 2023 Board Award of Excellence was presented to Johanna Marshall, Jonathan Clarke, Kelly MacBride, Lisa Allen and Rebecca Liebau.

Moreen Miller announced the conclusion of the business for the 2023 Annual General Meeting.

It was moved

THAT THE MEETING BE ADJOURNED AT 7:55 PM.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Muskoka Algonquin Healthcare

Opinion

We have audited the accompanying financial statements of Muskoka Algonquin Healthcare (the "Hospital"), which comprise:

- the statement of financial position as at March 31, 2024
- the statement of operations for the year then ended
- the statement of changes in net assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements")

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Hospital as at March 31, 2024, and its results of operations, its changes in net assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report.

We are independent of the Hospital in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Hospital's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Hospital or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Hospital's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Page 3

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Hospital's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Hospital to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

MUSKOKA ALGONQUIN HEALTHCARE

Notes to Financial Statements

Year ended March 31, 2024

Muskoka Algonquin Healthcare (the “Hospital”) is incorporated without share capital under the laws of the Province of Ontario. Its principal activity is the provision of health care services to the residents of Burk’s Falls, Huntsville, Bracebridge, Gravenhurst, Township of Muskoka Lakes, Township of Georgian Bay, Township of Lake of Bays and the surrounding areas. The Hospital is a registered charity and, as such, is exempt from income taxes provided certain requirements under the Income Tax Act are met.

1. Significant accounting policies:

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards including the 4200 standards for government not-for-profit organizations. A statement of remeasurement gains and losses has not been included as there are no matters to report therein.

(a) Revenue recognition:

The Hospital accounts for contributions, which include donations and government grants, under the deferral method of accounting.

Under the Health Insurance Act and Regulations thereto, the Hospital is funded primarily by the Province of Ontario in accordance with budget arrangements established by the Ministry of Health (the “Ministry”) and Ontario Health (“OH”). Operating grants are recorded as revenue in the period to which they relate. Grants approved but not received at the end of an accounting period are accrued. Where a portion of a grant relates to a future period, it is deferred and recognized in the subsequent period.

Unrestricted contributions are recognized as revenue when received or receivable if the amounts can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions are recognized as revenue in the period in which the related expenses are recognized.

Contributions restricted for the purchase of capital assets are deferred and amortized into revenue on a straight-line basis at rates corresponding to those of the related capital assets.

Revenue from patient and other services is recognized when the performance obligations are settled and when the service is provided.

(b) Inventories:

Inventories are stated at the lower of average cost and net realizable value. Cost comprises all costs to purchase, convert and any other costs in bringing the inventories to their present location and condition.

1. Significant accounting policies (continued):

(c) Capital assets:

Purchased capital assets are recorded at cost. The original cost does not reflect replacement cost or market value upon liquidation. Assets acquired under capital leases are amortized over the estimated life of the assets or over the lease term, as appropriate. Repairs and maintenance costs are charged to expense. Betterments which extend the estimated life of an asset are capitalized. When a capital asset no longer contributes to the Hospital's ability to provide services, its carrying amount is written down to its residual value.

Construction in progress is not amortized until construction is complete and the facilities come into use.

Amortization is provided on the straight-line basis at the following range of annual rates:

	Rate
Land improvements	5%
Buildings	2% - 20%
Equipment	5% - 33%

Amortization is taken at 50% of the above rates in the year of acquisition.

Long-lived assets, including capital assets subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by a comparison of the carrying amount to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of the asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. When quoted market prices are not available, the Hospital uses the expected future cash flows discounted at a rate commensurate with the risks associated with the recovery of the asset as an estimate of fair value.

Assets to be disposed of would be separately presented in the statement of financial position and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer amortized. The asset and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the statement of financial position.

MUSKOKA ALGONQUIN HEALTHCARE

Notes to Financial Statements (continued)

Year ended March 31, 2024

1. Significant accounting policies (continued):

(d) Asset retirement obligations:

The Hospital recognizes the fair value of an asset retirement obligation (“ARO”) when all of the following criteria have been met:

- There is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- The past transaction or event giving rise to the liability has occurred;
- It is expected that future economic benefits will be given up; and
- A reasonable estimate of the amount can be made.

A liability for the removal of asbestos-containing materials in certain facilities owned by the Hospital has been recognized based on estimated future expenses. Actual remediation costs incurred are charged against the ARO to the extent of the liability recorded. Differences between the actual remediation costs incurred and the associated liability recorded within the consolidated financial statements are recognized in the Statement of Operations at the time of remediation occurs.

(e) Employee future benefits:

The Hospital accrues its obligations for employee benefit plans. The cost of non-pension post-retirement and post-employment benefits earned by employees is actuarially determined using the projected benefit method pro-rated on service and management’s best estimate of retirement ages of employees and expected health care costs.

Actuarial gains (losses) on the accrued benefit obligation arise from the change in actuarial assumptions used to determine the accrued benefit obligation. The net accumulated actuarial gains (losses) are amortized over the average remaining service period of active employees. The average remaining service period of the active employees covered by the employee benefit plan is 14 years.

Past service costs arising from the plan amendments are recognized immediately in the period the plan amendments occur.

The Hospital is an employer member of the Health Care of Ontario Pension Plan (the “Plan”) which is a multi-employer, defined benefit pension plan. The Hospital has adopted defined contribution plan accounting principles for this Plan because insufficient information is available to apply defined benefit plan accounting principles. The Hospital records as pension expense the current service cost, amortization of past service costs and interest costs related to the future employer contributions to the Plan for past employee service.

MUSKOKA ALGONQUIN HEALTHCARE

Notes to Financial Statements (continued)

Year ended March 31, 2024

1. Significant accounting policies (continued):

(f) Use of estimates:

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods specified. Significant items subject to such estimates and assumptions include the carrying amount of capital assets; useful lives and expected retirement costs of assets with retirement obligations; valuation allowances for receivables and inventories; valuation of financial instruments; and assets and obligations related to employee future benefits. Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

(g) Funding adjustments:

The Hospital receives grants from the OH and the Ministry for specific services. Pursuant to the related agreements, if the Hospital does not meet specified levels of activity, the Ministry or OH may be entitled to seek recoveries. Should any amounts become recoverable, the recoveries would be charged to operations in the period in which the recovery is determined to be payable. Should programs and activities incur a deficit, the Hospital records any recoveries thereon when additional funding is received or receivable if the amounts can be reasonably estimated and collection is reasonably assured.

(h) Contributed services:

A substantial number of volunteers contribute a significant amount of their time each year. Given the difficulty of determining the fair market value, contributed services are not recognized in the financial statements.

(i) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently measured at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Hospital has not elected to carry any such financial instruments at fair value.

Unrealized changes in fair value are recognized in the statement of remeasurement gains and losses until they are realized, when they are transferred to the statement of operations.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred.

All financial assets are assessed for impairment on an annual basis. Where a decline in fair value is determined to be other than temporary, the amount of the loss is recognized in the statement of operations and any unrealized gain is adjusted through the statement of remeasurement gains and losses. On sale, the statement of remeasurement gains and losses associated with that instrument are reversed and recognized in the statement of operations.

MUSKOKA ALGONQUIN HEALTHCARE

Notes to Financial Statements (continued)

Year ended March 31, 2024

2. Change in accounting policies:

On April 1, 2023, the Hospital adopted Public Accounting Standard PS 3400 – *Revenue*. The new accounting standard establishes a single framework to categorize revenue to enhance the consistency of revenue recognition and its measurement. As at March 31, 2024 the Hospital determined that the adoption of this new standard did not have an impact on the amounts presented in the financial statements.

3. Restricted cash and investments:

The Hospital maintains restricted cash and investments as approved by the Board of Directors. These internally restricted amounts are set aside to support future capital redevelopment and are not available for other purposes without approval by the Board of Directors.

4. Short-term investments:

Included in this balance are amounts owing for various pay equity and other labour settlements beyond the next fiscal year.

13. Employee post-retirement benefits:

The Hospital sponsors a post-retirement defined benefit plan for medical, life insurance and dental benefits for employees with various cost-sharing arrangements as determined by their collective agreements and conditions of employment. The most recent valuation of the employee future benefits was completed as at March 31, 2024.

The accrued benefit obligation is recorded in the financial statements as follows:

17. Bill 124:

On November 29, 2022, the Ontario Superior Court rendered a decision to declare the Protecting a Sustainable Public Sector for Future Generations Act, 2019, known as Bill 124, to be void and of no effect. This ruling has triggered reopener provisions that required renewed negotiations with certain labour groups on compensation for years that were previously capped by legislation. Ongoing impacts of the reopener provisions are reflected in the Hospital's current wage rates and are included in the reported amount of salaries and wages.

The MOH has provided the Hospital with one-time funding to offset a portion of the cost of the retroactive wage adjustments, as well as ongoing impacts up to March 31, 2024.

18. Contingencies:

(a) Legal matters and litigation:

The nature of the Hospital's activities is such that there is usually litigation pending or in process at any given time. With respect to claims at March 31, 2024, management believes the Hospital has valid defenses and appropriate insurance coverage in place. In the event any claims are successful, management believes that such claims are not expected to have a material effect on the Hospital's financial position.

(b) HealthCare Insurance Reciprocal of Canada:

The Hospital is a member of the HealthCare Insurance Reciprocal of Canada ("HIROC"). HIROC is a pooling of the liability insurance risk of its members. All members pay annual deposit premiums which are actuarially determined and are subject to further assessment for losses, if any, experienced by the pool for the years in which they are members. As at March 31, 2024, no assessments have been received by the Hospital.

(c) Employment matters:

During the normal course of business, the Hospital is involved in certain employment related negotiations and has recorded accruals based on management's estimate of potential settlement amounts where these amounts are reasonably determinable.

19. Financial risks and concentration of credit risks:

(a) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. The Hospital is exposed to credit risk with respect to accounts receivable.

The Hospital assesses, on a continuous basis, accounts receivable and provides for any amounts that are not collectible in the allowance for doubtful accounts. The maximum exposure to credit risk of the Hospital at March 31, 2024 is the carrying value of these assets.

Management considers credit risk to be minimal as most of the accounts receivable balance is collected in a timely fashion.

There have been no significant changes to the credit risk exposure from 2023.

19. Financial risks and concentration of credit risks (continued):

(b) Liquidity risk:

Liquidity risk is the risk that the Hospital will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Hospital manages its liquidity risk by monitoring its operating requirements. The Hospital prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations.

Accounts payable and accrued liabilities are generally due within 60 days of receipt of an invoice.

There have been no significant changes to the liquidity risk exposure from 2023.

20. Comparative information:

The financial statements have been reclassified, where applicable, to conform to the presentation used in the current period. The changes do not affect the prior year excess of revenue over expenses for the year.

- (a) The Board or Chair shall have the power to call, at any time, a Members' meeting.
- (b) If the Board, Chair, or Members call a Members' meeting, the Board or Chair may determine that the meeting be held entirely by telephonic or electronic means or by any combination of in-person attendance and telephonic or electronic means that enables all persons entitled to attend the meeting to reasonably participate.²

² ONCA, s. 53(5) effective as of October 1, 2023 provides: *In addition to any other matters that the articles or by-laws may provide for with respect to the holding of meetings of the members in accordance with section (4), the articles or by-laws may: (a) limit the manner*

2.5 Quorum

A majority of the Members shall constitute a quorum at any Members' meeting. If a quorum is present at the opening of a Members' meeting, the Members present may proceed with the business of the meeting, even if a quorum is not present throughout the meeting.³

2.6 Notice

- (a) Notice of Members' meetings shall be given by one of the following methods:
 - (i) by sending it to each Member, Director, and to the auditor by one of the methods set out in section 13.1 addressed to the person at their latest address as shown in the Corporation's records not less than ten days and not more than 50 days before the meeting; or
 - (ii) in any other manner permitted by the *Public Hospitals Act*.
- (b) Not less than five business days⁴ before each annual meeting or before the signing of a resolution in lieu of the annual meeting, the Corporation shall give a copy of the Board-approved financial statements, auditor's report, and any further information respecting the financial position of the Corporation and the results of its operations required by the Articles or this By-law to all Members who have informed the Corporation that they wish to receive a copy of those documents.
- (c) Notice of a Members' meeting at which Special Business is to be transacted must state the nature of that business in sufficient detail to permit a Member to form a reasoned judgment on the business and state the text of any resolution to be submitted to the meeting.

2.7 Voting

- (a) Each Member in attendance at a Members' meeting shall be entitled to one vote on each matter.
- (b) At all Members' meetings, every question shall be determined by a majority of votes cast, unless otherwise specifically provided by the Act or this By-law.

or manners by which a meeting of the members may be held in accordance with subsection (4); and (b) specify requirements that apply with respect to the holding of a meeting of the members in a manner described in subsection (4) or in such manner as described by the articles or by-laws made under clause (a). This provides the Board or Chair with the flexibility to determine whether (or not) any particular Members' meeting should allow for Member participation by telephonic or electronic means.

³ ONCA, s. 57(2) provides: *If a quorum is present at the opening of a meeting of the members, the members present may proceed with the business of the meeting, even if a quorum is not present throughout the meeting, unless the by-laws provide otherwise.*

⁴ Five business days is the prescribed number of days under ONCA.

- (c) If there is a tie vote at a Members' meeting, the chair of the meeting shall not have a second vote to break the tie.⁵
- (d) Votes at all Members' meetings shall be cast by those Members in attendance at the meeting and not by proxy.
- (e) Subject to the Articles, voting at a Members' meeting shall be by show of hands unless a Member demands a ballot. For clarity, in either case such vote may be conducted by telephonic or electronic means or by a combination of telephonic and electronic means and voting in person, if the Corporation makes these means available.⁶
- (f) A Member may demand a ballot either before or after any vote by show of hands. A Member may withdraw a demand for a ballot.
- (g) Unless a ballot is demanded, an entry in the minutes of a meeting to the effect that the chair of the meeting declared a resolution to be carried or defeated is, in the absence of evidence to the contrary, proof of the fact without proof of the number or proportion of the votes recorded in favour of or against the resolution.

2.8 Chair of the Meeting

The chair of a Members' meeting shall be:

- (a) the Chair; or
- (b) a Vice Chair, if the Chair is absent, unable, or unwilling to act; or
- (c) a chair elected by the Members present if the Chair and Vice Chair(s) are absent, unable, or unwilling to act. The Secretary shall preside at the election of the chair of the meeting but if the Secretary is not present, the Members, from those present, shall choose a Member to preside at the election.

⁵ Under ONCA, if you would like the Chair of a Members' meeting to have a casting vote, this must be specifically enabled in the Articles.

⁶ Section 58(3) of ONCA, effective as of October 1, 2023 provides: *Unless the Articles or By-laws expressly provide otherwise, a vote at a meeting of the members may be conducted entirely by one or more telephonic or electronic means or by a combination of one or more telephonic or electronic means and voting in person.* If it is the hospital's preference to prohibit telephonic or electronic participation in Members' meeting, we recommend striking the following sentence from section 2.7(e): *For clarity, in either case such vote may be conducted by telephonic or electronic means or by a combination of telephonic and electronic means and voting in person, if the Corporation makes these means available.* The following sentence should also be inserted in the By-law: *Participation at a Members' meeting by telephonic or electronic means is not permitted and attendance at a Members' meeting shall be in person.*

2.9 Adjourned Meetings

- (a) If within one-half hour after the time appointed for a Members' meeting, the meeting has not commenced because a quorum is not present, the meeting shall stand adjourned until a day to be determined by the Board.
- (b) If a Members' meeting is adjourned by one or more adjournments for an aggregate of less than 30 days, no notice of the meeting that continues the adjourned meeting is required if all of the following are announced at the time of the adjournment:
 - (i) the time of the continued meeting;
 - (ii) if applicable, the place of the continued meeting; and
 - (iii) if applicable, instructions for attending and participating in the continued meeting by telephonic or electronic means that will be made available for the meeting, including if applicable, instructions for voting by such means at the meeting.⁷
- (c) If a Members' meeting is adjourned by one or more adjournments for an aggregate of more than 30 days, notice of the meeting that continues the adjourned meeting shall be given in accordance with section 2.6.

2.10 Written Resolution in Lieu of Meeting

Except as provided in the Act, a resolution signed by all of the Members is as valid as if it had been passed at a Members' meeting.

⁷ ONCA, s. 55(5), effective as of October 1, 2023. If the hospital wishes to amend this By-law to prohibit telephonic or electronic Members' meetings, we recommend revising this provision as follows: *If a Members' meeting is adjourned by one or more adjournments for an aggregate of less than 30 days, no notice of the meeting that continues the adjourned meeting is required if all of the following are announced at the time of the adjournment: (i) the time of the continued meeting; and (ii) the place of the continued meeting.* Note that ONCA, s. 55(9), effective as of October 1, 2023 also provides: *For clarity, this section, as it reads immediately before the day subsection 5 (3) of Schedule 22 to the Less Red Tape, Stronger Economy Act, 2023 comes into force, continues to apply to a notice that was given before that day in respect of a meeting of the members to be held on or after that day.* As a result, the former s. 55(5) of ONCA would continue to apply to notices given before October 1, 2023 in respect of a Members' meeting to be held on or after that day. s. 55(5) of ONCA prior to October 1, 2023 provides: *If a meeting of the members is adjourned for less than 30 days, it is not necessary, unless the by-laws provide otherwise, that any person be notified of the meeting that continues the adjourned meeting, other than by announcement at the meeting that is adjourned.*

2.11 Telephonic or Electronic Members' Meetings

A Members' meeting may be held entirely by telephonic or electronic means or by any combination of in-person attendance and telephonic or electronic means⁸ provided such means enables all persons entitled to attend the Members' meeting to reasonably participate.⁹ A person who, through telephonic or electronic means, votes at or attends a Members' meeting is deemed to be present in person at the meeting.¹⁰

Article 3

Board

3.1 Composition of Board

Subject to the Articles,¹¹ the Board shall consist of:

- (a) 10 to 12 Directors, who satisfy the criteria set out in section 3.3 and who are elected by the Members in accordance with sections 3.7 and 3.8 or appointed in accordance with section 3.10 (the “**Elected Directors**”); and
- (b) the following five *ex-officio* non-voting Directors:
 - (i) President and Chief Executive Officer;
 - (ii) Chief of Staff;
 - (iii) President of the Credentialed Staff;
 - (iv) Vice-President of the Credentialed Staff; and

⁸ ONCA, s. 53(4), effective as of October 1, 2023 provides: *Subject to the articles or by-laws and subsection (6), a meeting of the members may be held entirely by one or more telephonic or electronic means or by any combination of in-person attendance and by one or more telephonic or electronic means.* ONCA s. 53(5), effective as of October 1, 2023 further provides: *In addition to any other matters that the articles or by-laws may provide for with respect to the holding of meetings of the members in accordance with subsection (4), the articles or by-laws may (a) limit the manner or manners by which a meeting of the members may be held in accordance with subsection (4); and (b) specify requirements that apply with respect to the holding of a meeting of the members in a manner described in subsection (4) or in such manner as described by the articles or by-laws made under clause (a).* If it is felt that it will never be appropriate to permit for Member participation by telephonic or electronic means, a hospital could choose to omit this provision. If this is the hospital's preference, we recommend inserting the following language in the By-law: *Participation at a Members' meeting by telephonic or electronic means is not permitted and attendance at a Members' meeting shall be in person..*

⁹ ONCA, s. 53(6), effective October 1, 2023 provides: *A meeting of the members held in any manner described in subsection (4) or in such manner as described by the articles or by-laws made under subsection (5) must enable all persons entitled to attend the meeting to reasonably participate.*

¹⁰ ONCA, s. 53(7), effective October 1, 2023 provides: *A person who, through telephonic or electronic means, votes at or attends a meeting of the members is deemed for the purposes of this Act to be present in person at the meeting.*

¹¹ ONCA, s. 22(2) provides: *If a corporation's articles provide for a minimum and maximum number of directors, the number of directors of the corporation and the number of directors to be elected at the annual meeting of the members must be the number determined from time to time by special resolution or, if a special resolution empowers the directors to determine the number, by resolution of the directors. A decrease in the number of directors does not shorten the term of an incumbent director.*

- (v) Chief Nursing Executive.

3.2 Duties and Responsibilities

Subject to the Act, the Board shall govern and supervise the management of the activities and affairs of the Corporation and may exercise all other powers and do all other acts and things as the Corporation is, by its Articles or otherwise, authorized to exercise and do.

3.3 Qualifications of Directors

- (a) No individual shall be qualified for election or appointment as a Director if the individual:
 - (i) is under 18 years old;
 - (ii) has been found under the *Substitute Decisions Act, 1992* or under the *Mental Health Act* to be incapable of managing property;
 - (iii) has been found to be incapable by any court in Canada or elsewhere;
 - (iv) has the status of a bankrupt;
 - (v) is an “ineligible individual” as defined in the *Income Tax Act* (Canada) or any regulations made under it;
 - (vi) is an Excluded Person, except as otherwise provided in this By-law.
- (b) The Board’s decision as to whether or not a candidate is qualified to stand for election shall be final.

3.4 Director’s Consent to Act

An individual who is elected or appointed to hold office as a Director shall, in writing, consent to the election or appointment before or within 10 days after the election or appointment, unless the Director has been elected or appointed where there is no break in the Director's terms of office. If an elected or appointed Director consents in writing after the 10-day period, the election or appointment is valid.

3.5 Ceasing to Hold Office

- (a) A Director shall automatically cease to hold office if the Director:
 - (i) dies;
 - (ii) resigns office by delivering a written resignation to the Secretary, and the resignation shall be effective at the time it is received by the Secretary or at the time specified in the resignation, whichever is later, or

- (iii) becomes disqualified by virtue of any of sections 3.3(a)(ii) through 3.3(a)(vi).
- (b) Where there is a vacancy in the Board, the remaining Directors may exercise all the powers of the Board so long as a quorum remains in office.

3.6 Removal

In accordance with the Act, the Members may remove any Elected Director before the expiry of the Director's term of office, and may elect any qualified individual as a Director to fill the vacancy for the remainder of the vacated term.¹²

3.7 Election and Term

Directors shall be elected and shall retire in rotation. The Elected Directors shall be elected for a term of up to three years, provided that each such Director shall hold office until the earlier of the date on which their office is vacated pursuant to sections 3.5 or 3.6 or until the end of the meeting at which their successor is elected or appointed. At least four Directors shall retire from office each year subject to re-election as permitted by section 3.9.

3.8 Nomination Procedure for Election of Directors

Nominations made for the election of Directors at a Members' meeting may only be made:

- (a) by the Board in accordance with the nominating and election procedure prescribed by the Board from time to time; or
- (b) by not less than five per cent of the Members pursuant to a proposal submitted to the Corporation in accordance with the requirements of the Act and this By-law.

3.9 Maximum Terms

- (a) Each Elected Director shall be eligible for re-election, provided that the Director shall not be elected or appointed for a term that will result in the Director serving more than nine consecutive years. The Director may also be eligible for re-election for another term or terms (to a maximum of nine consecutive years) if at least one year has elapsed since the termination of their last term. In determining a Director's length of service as a Director, service prior to the effective date of this By-law shall be included.
- (b) Despite the foregoing:

¹² Under ONCA, only the members have the authority to remove an Elected Director from office. The Board does not have this authority and would need to call a Members' meeting for this purpose. For this reason, we have removed provisions from the By-law enabling the Board to remove a Director (see section 4.5(b)). This is consistent with your Board policies.

- (i) a Director may, by Board resolution, have their maximum term as a Director extended for the sole purpose of that Director succeeding to the office of Chair or serving as Chair; and
- (ii) where a Director was appointed to fill an unexpired term of a Director, the partial term shall be excluded from the calculation of the maximum years of service.

3.10 Filling Vacancies

So long as there is a quorum of Directors in office, any vacancy occurring in the Board may be filled by a qualified individual appointed for the remainder of the term by the Directors then in office, but the total number of Directors so appointed may not exceed one-third of the number of Directors elected at the previous annual Members' meeting. If there is not a quorum of the Board, or if there has been a failure to elect the number or minimum number of Directors provided for in the Articles, the Directors then in office shall, without delay, call a special Members' meeting to fill the vacancy. A Director appointed or elected to fill a vacancy holds office for the unexpired term of the Director's predecessor term.

3.11 Directors' Remuneration

The Directors shall serve as such without remuneration and shall not, directly or indirectly, receive any profit from their position as such, provided that a Director may be reimbursed reasonable expenses incurred by the Director in the performance of their duties. Unless otherwise prohibited by the Corporation, a Director may be compensated for services other than as a Director pursuant to the regulation made under the *Charities Accounting Act* (Ontario), or with court approval or an order made under section 13 of the *Charities Accounting Act* (Ontario). Notwithstanding the foregoing, individuals who are Directors by virtue of their position on the administrative or Credentialed Staff of the Corporation may be compensated for such duties.¹³

Article 4

Board Meetings

4.1 Board Meetings

- (a) The Board may appoint one or more days for regular Board meetings at a time and place named. A copy of any Board resolution fixing the time and place of regular Board

¹³ While ONCA, s. 47(1) permits remuneration of Directors, the *Charities Accounting Act* and common law continues to prohibit remuneration of Directors for serving as Directors. Generally, expenses can be reimbursed if they were incurred to carry out the charitable purposes, the amount is reasonable, and proper receipts are provided. Note that Ontario Reg. 4.01 made under the *Charities Accounting Act* allows Ontario charities to make payments to Directors (generally for most goods, services, and facilities) without a court order provided specific requirements are met. See [Guardianship Investigations: The Role of the Public Guardian and Trustee - Ministry of the Attorney General \(gov.on.ca\)](#) for additional details. The second sentence has been inserted to ensure consistency with the Articles, which include this language, which is a special provision required by the Ontario Public Guardian and Trustee.

meetings shall be given to each Director forthwith after being passed and, subject to the Act, no other notice shall be required for any regular meeting.

(b) In addition to section 4.1(a):

- (i) the Board, the Chair, a Vice Chair, or the President and Chief Executive Officer may call a Board meeting; and
- (ii) the Secretary shall call a Board meeting upon receipt of the written request of three Directors;

and such meeting shall be held at the time and place determined in the notice of meeting.

(c) Notice of a Board meeting need not specify the purpose of or the business to be transacted at the meeting, unless the meeting is intended to deal with any of the following matters, in which case the notice must specify that matter:

- (i) to submit to the Members any question or matter requiring their approval;
- (ii) to fill a vacancy among the Directors or in the position of auditor;
- (iii) to appoint additional Directors;
- (iv) to issue debt obligations, except as authorized by the Directors;
- (v) to approve any annual financial statements; or
- (vi) to adopt, amend, or repeal by-laws.¹⁴

¹⁴ Note that ONCA also refers to the matter of establishing contributions to be made, or dues to be paid, by Members. This By-law contemplates that no dues are payable and, thus, does not include that reference.

4.2 Telephonic or Electronic Meetings

A Board or Board committee meeting may be held entirely by telephonic or electronic means, or by any combination of in-person attendance and telephonic or electronic means,¹⁵ provided that all persons attending the meeting are able to communicate with each other simultaneously and instantaneously.¹⁶ A person who, through telephonic or electronic means, attends a Board or Board committee meeting is deemed to be present in-person at the meeting.¹⁷

4.3 Notices

- (a) Notice of Board meetings, other than regular meetings, shall be given to all Directors at least 48 hours prior to the meeting. The Chair, a Vice Chair, or the President and Chief Executive Officer may call a meeting on less notice, by means deemed appropriate, provided that notice is given to all Directors and the majority of the Directors consent to holding the meeting.
- (b) Notice of an adjourned Board meeting is not required to be given if all of the following are announced at the time of an adjournment:
 - (i) the time of the continued meeting;
 - (ii) if applicable, the place of the continued meeting; and
 - (iii) if applicable, instructions for attending and participating in the continued meeting by the telephonic or electronic means that will be made available for the meeting, including, if applicable, instructions for voting by such means at the meeting.¹⁸

¹⁵ ONCA, s. 34(6), effective as of October 1, 2023, provides: *Subject to the articles or by-laws and subsection (8), a meeting of directors may be held entirely by one or more telephonic or electronic means or by any combination of in-person attendance and by one or more telephonic or electronic means.* ONCA, s. 34(7), effective as of October 1, 2023, further provides: *In addition to any other matters that the articles or by-laws may provide for with respect to the holding of meetings of directors in accordance with subsection (6), the articles or by-laws may: (a) limit the manner or manners by which a meeting of directors may be held in accordance with subsection (6); and (b) specify requirements that apply with respect to the holding of a meeting of directors in a manner described in subsection (6) or in such manner as described by the articles or by-laws made under clause (a).* This means that Board meetings may be held by telephonic or electronic means or by a combination of in-person attendance and telephonic or electronic means, but the articles or by-laws can limit how the meetings may be held and specify applicable requirements. In addition, all of the directors no longer need to consent to the holding of a Board or Board committee meeting by telephonic or electronic means. If it is felt that it will never be appropriate to permit director participation by telephonic or electronic means, a hospital could choose to omit this provision. If this is the hospital's preference, we recommend that this section be omitted and section 4.1 be amended to include the following: *Participation at a Board meeting by telephonic or electronic means is not permitted and attendance at a Board meeting shall be in person.*

¹⁶ ONCA, s. 34(8), effective as of October 1, 2023, provides: *A meeting of directors held in any manner described in subsection (6) or in such manner as described by the articles or by-laws made under subsection (7) must provide that all persons attending the meeting are able to communicate with each other simultaneously and instantaneously.*

¹⁷ ONCA, s. 34(9), effective as of October 1, 2023 provides: *A person who, through telephonic or electronic means, attends a meeting of directors is deemed for the purpose of this Act to be present in person at the meeting.*

¹⁸ ONCA, s. 34(5), effective as of October 1, 2023. If it is the hospital's preference to prohibit telephonic or electronic Board meetings, then we recommend amending section 4.3(b) as follows: *Notice of an adjourned Board meeting is not required to be given if all of the following are announced at the time of an adjournment: (a) the time of the continued meeting; and (b) the place of the continued*

4.4 Quorum

A majority of the voting Directors shall constitute a quorum.

4.5 First Board Meeting after Annual Meeting

If a quorum of Directors is present, the Board may, without notice, hold a meeting immediately following the annual Members' meeting.

4.6 Persons Entitled to be Present

Guests may attend Board meetings with the consent of the meeting on the invitation of the Chair or the President and Chief Executive Officer. The Board may adopt a policy from time to time on the attendance of the public at Board meetings.

4.7 Voting

- (a) Each voting Director in attendance at a Board meeting shall be entitled to one vote on each matter.
- (b) As required by the regulations under the *Public Hospitals Act*, the Directors referred to in section 3.1(b) shall not be entitled to vote as Directors but shall otherwise be entitled to notice of, to attend, and to participate in, Board meetings and to receive the materials that are distributed to voting Directors.
- (c) A Director shall not be entitled to vote by proxy.
- (d) Every question arising at a Board meeting shall be determined by a majority of votes cast, unless otherwise specifically provided by statute or by this By-law.
- (e) If there is a tie vote at a Board meeting, the chair of the meeting shall not have a second vote to break the tie.
- (f) The vote on any question shall be taken by secret ballot if so demanded by any Director in attendance and entitled to vote. The chair of the meeting shall count the ballots. Otherwise, a vote shall be by a show of hands. For clarity, in either case such vote may be conducted by telephonic or electronic means or by any combination of voting in

meeting. Note that ONCA, s. 34(10), effective as of October 1, 2023 provides: *For clarity, this section as it read immediately before the day subsection 3(2) of Schedule 22 to the Less Red Tape, Stronger Economy Act, 2023 comes into force, continues to apply to a notice that was given before that day in respect of a meeting of the directors to be held on or after that day.* This means that ONCA, s. 34(5), as it read prior to October 1, 2023 would apply to notices given before October 1, 2023 in respect of Board meetings to be held on or after that day. ONCA, s. 34(5), prior to October 1, 2023 provides: *Notice of a meeting that continues an adjourned meeting of directors is not required to be given if the time and place of the continued meeting is announced at the meeting that is adjourned.*

person and by telephonic or electronic means, if the Corporation makes these means available.¹⁹

- (g) Unless a ballot is demanded, an entry in the minutes of a meeting to the effect that the chair of the meeting declared a resolution to be carried or defeated is, in the absence of evidence to the contrary, proof of the fact without proof of the number or proportion of the votes recorded in favour of or against the resolution.

4.8 Written Resolutions in Lieu of Meeting

- (a) A resolution signed by all of the Directors entitled to vote on that resolution at a Board meeting is as valid as if it had been passed at a Board meeting.
- (b) A resolution signed by all of the Board committee members entitled to vote on that resolution at a Board committee meeting is as valid as if it had been passed at a Board committee meeting.

4.9 Consent and Dissent of Director²⁰

- (a) A Director who is present at a Board or Board committee meeting is deemed to have consented to any resolution passed or action taken at the meeting, unless:
 - (i) the Director's dissent is entered in the meeting minutes;
 - (ii) the Director requests that their dissent be entered in the meeting minutes;
 - (iii) the Director gives their dissent to the secretary of the meeting before the meeting is terminated; or
 - (iv) the Director submits their written dissent to the Corporation immediately after the meeting is terminated.
- (b) A Director who votes for or consents to a resolution is not entitled to dissent under this section.
- (c) A Director who was not present at a meeting at which a resolution was passed or action taken is deemed to have consented to the resolution or action unless within seven days after becoming aware of the resolution, the Director:

¹⁹ ONCA, s. 34(3), and (6)-(10), effective as of October 1, 2023 enables directors to attend and participate in Board meetings by telephonic or electronic means unless the articles or by-laws expressly provide otherwise. If it is the hospital's preference to prohibit telephonic or electronic participation in Board meetings, we recommend striking the following sentence from section 4.7(f): *For clarity, in either case such vote may be conducted by telephonic or electronic means or by a combination of telephonic and electronic means and voting in person, if the Corporation makes these means available.* The following sentence should also be inserted in the By-law: *Participation at a Board meeting by telephonic or electronic means is not permitted and attendance at a Board meeting shall be in person.*

²⁰ This section mirrors ONCA, s. 45. Note this significant change to the law under ONCA.

- (i) causes their written dissent to be placed with the meeting minutes; or
- (ii) submits their written dissent to the Corporation.

4.10 Adjournment of the Meeting

If within one-half hour after the time appointed for a Board meeting a quorum is not present, the meeting shall stand adjourned until a day within two weeks to be determined by the chair of the meeting.

Article 5

Conflict of Interest Disclosure²¹

5.1 Disclosure of Conflict

- (a) A Director or officer who:
 - (i) is a party to a material contract or transaction or proposed material contract or transaction with the Corporation; or
 - (ii) is a director or officer of, or has a material interest in, any person who is a party to a material contract or transaction or proposed material contract or transaction with the Corporation,shall disclose to the Corporation or request to have entered in the minutes of Board meetings the nature and extent of their interest.
- (b) The disclosure required by section 5.1(a) must be made, in the case of a Director:
 - (i) at the meeting at which a proposed contract or transaction is first considered;
 - (ii) if the Director was not then interested in a proposed contract or transaction, at the first meeting after the Director becomes so interested;
 - (iii) if the Director becomes interested after a contract is made or transaction is entered into, at the first meeting after the Director becomes so interested; or
 - (iv) if an individual who is interested in a contract or transaction later becomes a Director, at the first meeting after the individual becomes a Director.

²¹ This Article mirrors ONCA, s. 41. Note its new application to officers.

- (c) The disclosure required by section 5.1(a) must be made, in the case of an officer who is not a Director:
 - (i) forthwith after the officer becomes aware that the contract or transaction or proposed contract or transaction is to be considered or has been considered at a Board meeting;
 - (ii) if the officer becomes interested after a contract is made or transaction is entered into, forthwith after the officer becomes so interested; or
 - (iii) if an individual who is interested in a contract or transaction later becomes an officer, forthwith after the individual becomes an officer.
- (d) If the contract or transaction or proposed contract or transaction in respect of which a disclosure is required to be made for the purposes of section 5.1(a) is one that, in the ordinary course of the Corporation's business, would not require approval of the Board or Members, then the Director or officer shall disclose to the Corporation, or request to have entered in the minutes of Board meetings, the nature and extent of their interest forthwith after the Director or officer becomes aware of the contract or transaction or proposed contract or transaction.
- (e) Except as permitted by the Act, a Director referred to in section 5.1(a) shall not attend any part of a Board meeting during which the contract or transaction is discussed, and shall not vote on any resolution to approve the contract or transaction.
- (f) If no quorum exists for the purposes of voting on a resolution to approve a contract or transaction only because one or more Director(s) are not permitted to be present at the meeting by virtue of section 5.1(e), the remaining Directors are deemed to constitute a quorum for the purpose of voting on the resolution.
- (g) For the purposes of section 5.1, a general notice to the Board by a Director or officer disclosing that the individual is a director or officer of, or has a material interest in, a person, or that there has been a material change in the Director's or officer's interest in the person, and is to be regarded as interested in any contract or transaction entered into with that person, is sufficient disclosure of interest in relation to any such contract or transaction.
- (h) A contract or transaction for which disclosure is required under section 5.1(a) is not void or voidable, and the Director or officer is not accountable to the Corporation or the Members for any profit or gain realized from the contract or transaction, because of the Director's or officer's interest in the contract or transaction or because the Director was present or was counted to determine whether a quorum existed at the Board or Board committee meeting that considered the contract or transaction, if:
 - (i) disclosure of the interest was made in accordance with this section;

- (ii) the Board approved the contract or transaction; and
 - (iii) the contract or transaction was reasonable and fair to the Corporation when it was approved.
- (i) The provisions of this Article are in addition to any Board-approved conflict of interest policy.

Article 6

Protection and Indemnification of Directors, Officers, and Others²²

6.1 Indemnities to Directors and Others

- (a) The Corporation shall indemnify a Director or officer of the Corporation, a former Director or officer of the Corporation, or an individual who acts or acted at the Corporation's request as a director or officer, or in a similar capacity, of another entity, against all costs, charges, and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative, or other action or proceeding in which the individual is involved because of that association with the Corporation or other entity.
- (b) The Corporation may advance money to an individual referred to in section 6.1(a) for the costs, charges, and expenses of an action or proceeding referred to in that section, but the individual shall repay the money if the individual does not fulfil the conditions set out in section 6.1(c).

²⁶ ONCA, s. 34(3.1), and section 55(1.1), effective as of October 1, 2023. If Board and Members' meetings are expressly prohibited in the By-laws, we recommend deleting this provision. Note that ONCA, s. 34(10) and s. 55(9) provides: *For clarity, this section as it reads immediately before the day subsection 5(3) of Schedule 22 to the Less Red Tape, Stronger Economy Act, 2023 comes into force, continues to apply to a notice that was given before that day in respect of a meeting of the Board or Members to be held on or after that day.* Accordingly, section 13.1(b) would not apply to a notice that was provided before October 1, 2023 in respect of a meeting of the Board or Members' to be held after that day. Note that if it is the hospital's preference to prohibit participation telephonic or electronic participation in Board and Members' meetings, then we recommend striking section 13.1(b) from the By-law.

²⁷ ONCA, s. 34(3.2), and section 55(1.2), effective as of October 1, 2023.
